

DRY COOLERS

- Designed for container freight
- Closed system heat exchanger
- Combination with open cooling tower systems
- Used for:
 - Power plants
 - Petro Chemical
 - Pharmaceutical Industry
 - Industrial cooling
- Global market provider
- Project advisory capacity

- Compact steel constructions
- Documented low noise solutions
- Plug & Play
- Excellent heat transfer technology
- Flexible transmission solutions:
 - Direct drive
 - Belt drives
 - Gears
- HT / LT circuits combined/single unit
